

AquaLife Worm Flakes

- All-Natural Ingredients
- Rich In Seafood Proteins
- Fresh, Natural Fats
- Freshwater and Saltwater Fish

AquaLife Worm Flakes, 1oz

Formulated from dried earthworms, dried bloodworms, dried blackworms, and dried silkworms, AquaLife Worm Flakes is a nutritionally complete diet. Freeze dried plankton and krill add flavor and enhance rich coloration in most species. Carefully blended and fortified with stabilized immune-boosting Vitamins C, B1, and A, Worm Flakes is a protein rich diet that yields optimal nutrition for maximum energy, vigorous growth and sustained health in all herbivorous and omnivorous aquarium fish.

Directions for use: Feed fish two times daily, adding only as much food as the fish will consume in 3-5 minutes. Promptly remove any uneaten food to help keep the aquarium clean.

Product: AquaLife Worm Flakes
